HAVE YOU CHECKED OUT OUR PATIENT PORTAL?

Our patient portal is a great way to access your medical records, test results, view statements, communicate with the doctor or technician, request appointments and prescription refills... all with the ease and convenience of using your own computer!

VISIT OUR OPTICAL SHOP

Our friendly opticians are licensed professionals who are specially trained to help you select the frames and lenses that work best with your lifestyle and budget.

We feature the highest quality frames and lenses, along with a wide selection of designer sunglasses. You'll be sure to find a pair that fits best, looks great and is budget friendly.

THE LATEST IN TECHNOLOGY

FDA-APPROVED ALL-LASER LASIK

The path to better vision starts here! Isn't it time to see your world clearly, without the constant hassles of glasses and contact lenses?

You've come to the right place. Eye Care Specialists is pleased to offer All-Laser LASIK. This FDA-approved procedure can reduce and even eliminate dependence on glasses and contacts for patients who are nearsighted, farsighted or even have astigmatism.

All-Laser LASIK is one of the most commonly performed elective procedures in the U.S., due to its accuracy, safety and quick recovery. Results are impressive, in fact, most of our patients see 20/20 or better and may resume normal activities as soon as the day after their procedure! Schedule your FREE LASIK consultation today.

REDEFINING TIMELESS BEAUTY

If you are seeking a younger, more youthful look, we can help!

Dr. Richard Roth of Eye Care Specialists is an experienced Oculofacial plastic surgeon, and is one of the few dual Board Certified eye surgeons in the country.

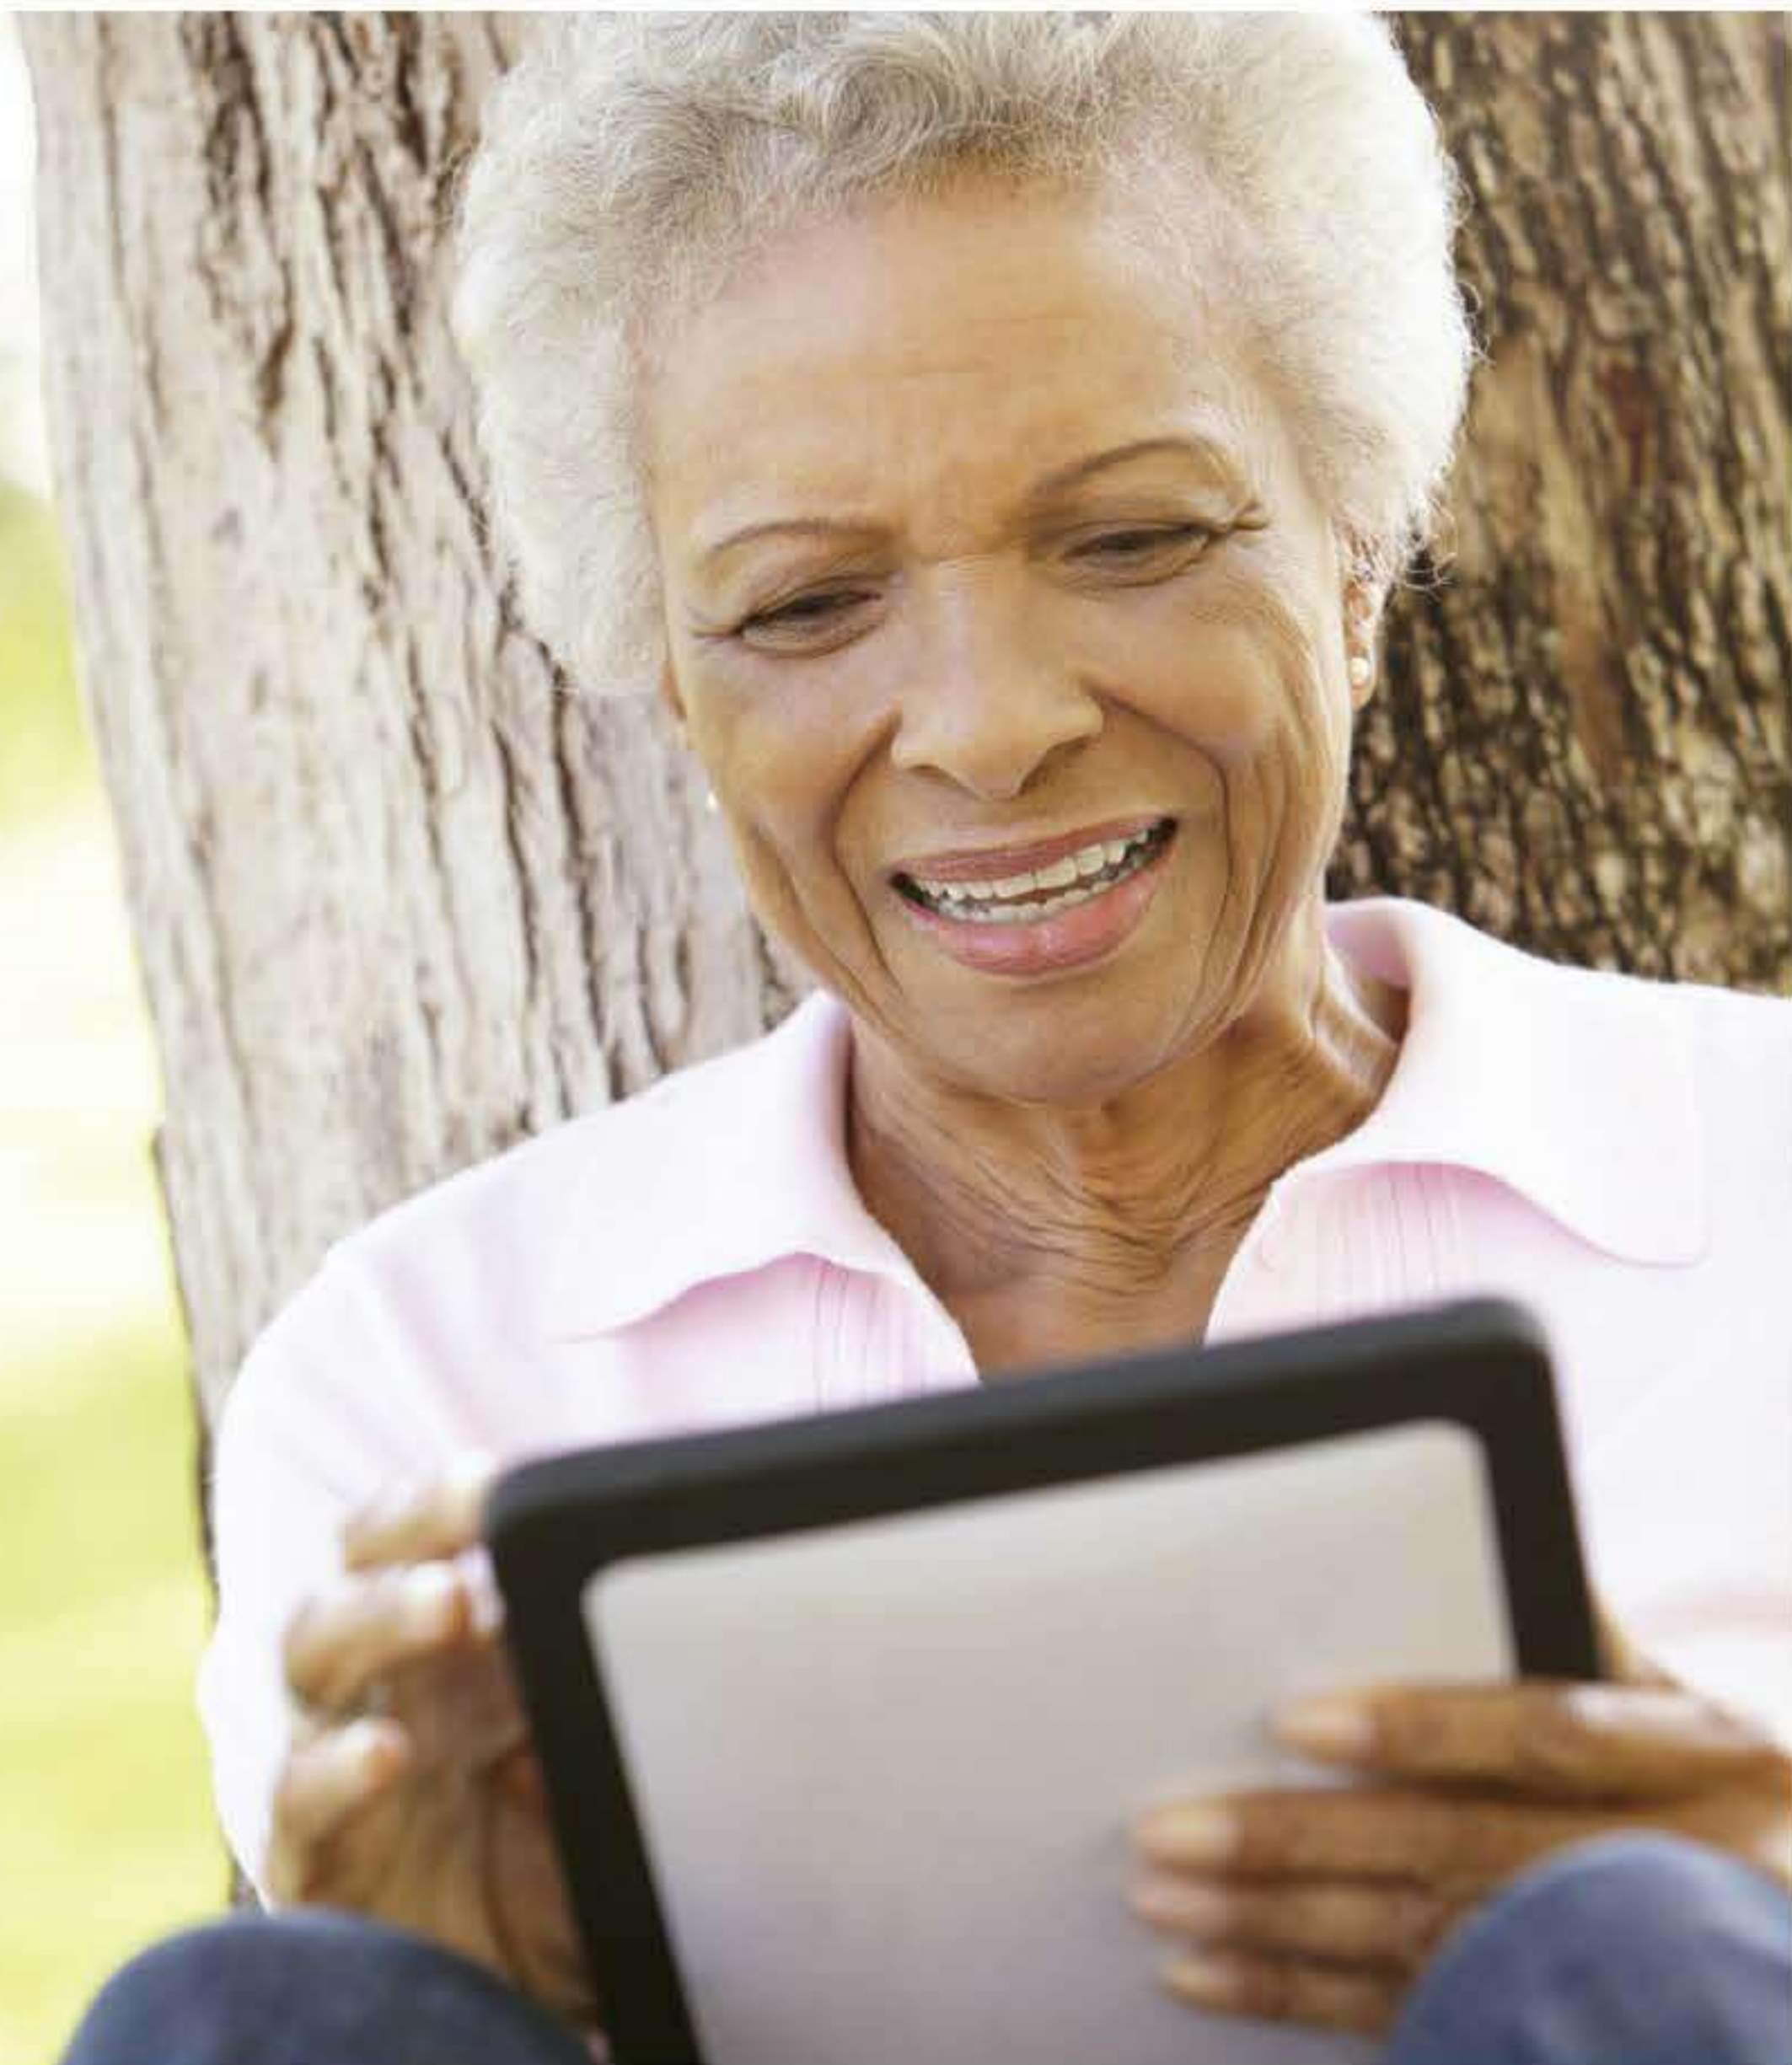

Dr. Roth specializes in surgery of the eyelids and facial region, along with non-surgical, minimally invasive procedures such as BOTOX®, facial fillers and skin rejuvenation. Experience a fresh, rejuvenated look – schedule a consultation with Dr. Roth today!

FREQUENTLY ASKED QUESTIONS

WHEN IS IT TIME TO HAVE CATARACT SURGERY?

The time for cataract surgery is generally when changes in your vision begin affecting your quality of life or your ability to perform daily activities.

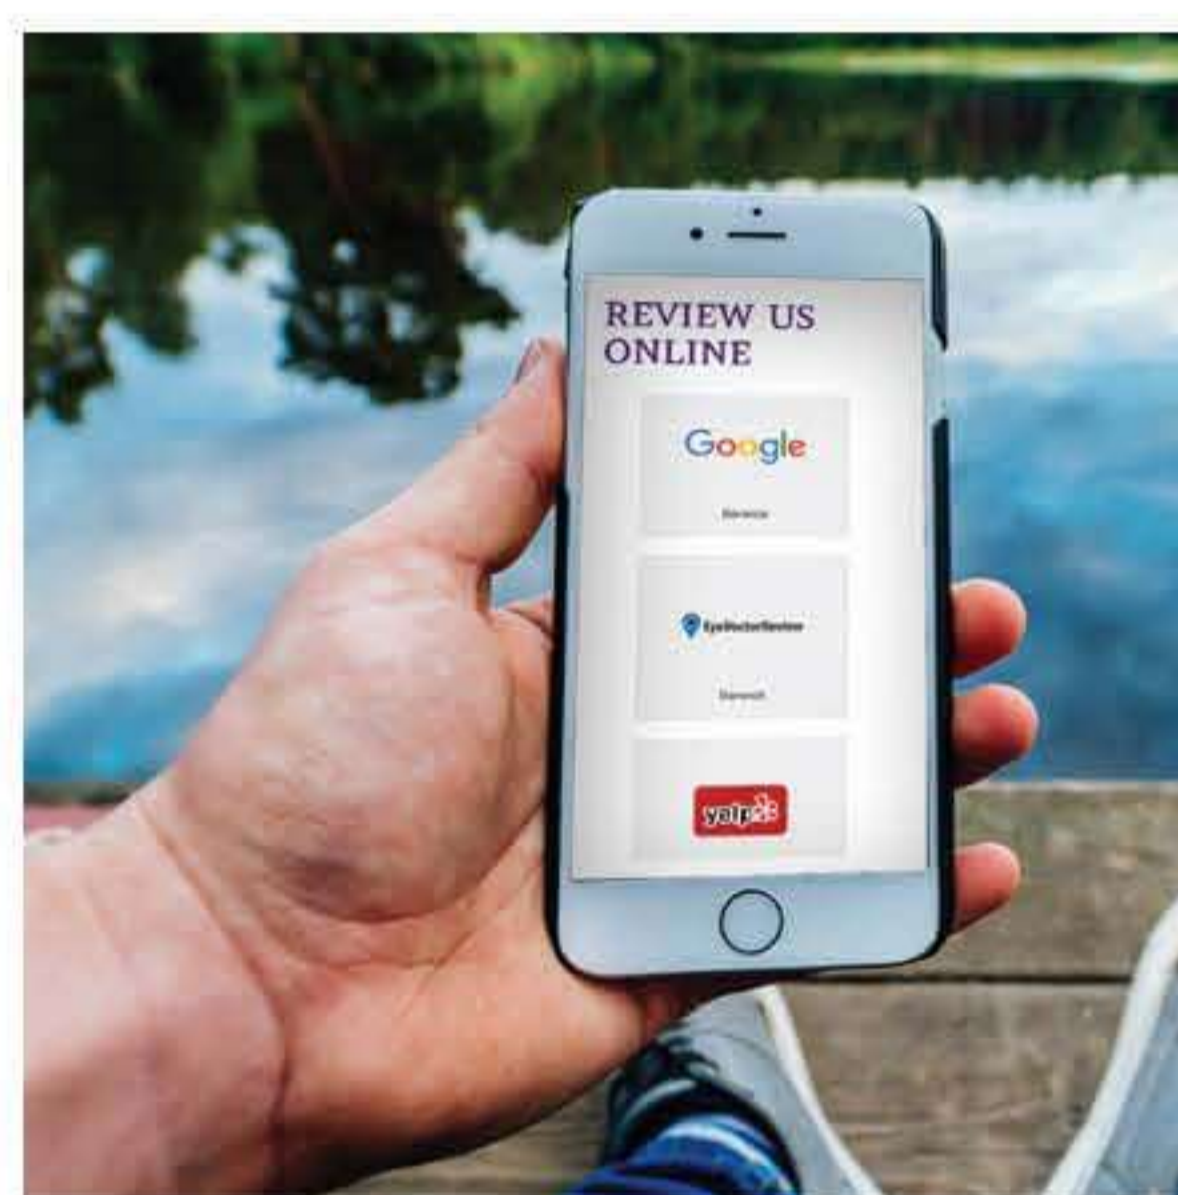

With modern advancements, there's never been a better time for cataract surgery. Eye Care Specialists is pleased to offer Laser Cataract Surgery. This revolutionary breakthrough technology allows our specialists to perform cataract surgery with laser technology and provides our patients with more accuracy and precision than ever before...with outstanding visual results. Combine this advanced technology with our Lifestyle Lenses and most patients can reduce or even eliminate their need for glasses and contacts!

The first step in detecting cataracts and determining your need for surgery is a comprehensive exam. Ask us for more information!

WE LOVE FEEDBACK FROM OUR PATIENTS!

"My experience with Eye Care Specialists was so great. How can I thank you?"

Reviews and referrals from our patients are the best compliments we could hope to receive! We've created a "Review Us Online" page on our website – we'd love it if you'd take a moment to review us. Please visit icarespecialists.com, and thanks in advance!

BRINGING LIFE BACK INTO FOCUS

With over 50 years of eye care excellence, Eye Care Specialists has maintained the highest standards in vision care.
