THE LATEST IN TECHNOLOGY

LASIK TODAY, CLEAR VISION TOMORROW

The path to better vision starts here! Isn't it time to see your world clearly, without the constant hassles of glasses and contact lenses?

All-Laser LASIK corrects vision with the precision of FDA-approved laser technology. It's one of the most popular forms of elective surgery in the U.S. due to its safety, accuracy, quick recovery and wide range of correction. In the hands of our experienced surgeons, the results are impressive! Schedule your FREE LASIK Consultation today and ask us about special savings!

OUR SURGEONS MAKE THE DIFFERENCE

BBL™ PHOTOREJUVINATION TREATMENT - AMAZING RESULTS!

FREQUENTLY ASKED QUESTIONS

WHY IS A ROUTINE EYE EXAM SO IMPORTANT?

World Glaucoma Week is March 11th – 17th and there is no better time to schedule your routine eye exam than now.

Glaucoma is the leading cause of irreversible blindness worldwide, yet is 90% preventable in most cases. Known as the silent thief of sight, in the early stages, there are often no apparent symptoms or warning signs of glaucoma. If left untreated, glaucoma will gradually progress, worsening visual damage and eventually leading to blindness.

The good news? Regular eye exams are the best form of protection. With early detection and careful treatment, vision can be maintained for most patients. Routine eye exams

are particularly important for those at increased risk of glaucoma, such as African Americans, diabetics, and those with family history of glaucoma. Be sure to schedule your annual eye exam today!

HAVE CATARACTS? THIS IS ACTUALLY AN EXCITING TIME FOR YOU!

Being diagnosed with cataracts today provides an opportunity to enhance your vision beyond basic cataract removal. The latest laser technology and lifestyle lenses, combined with the exceptional skill of our doctors, allows us to provide much better vision than you've had in a very long time! Ask us for more information!

BRINGING LIFE BACK INTO FOCUS

With over 50 years of eye care excellence, Eye Care Specialists has maintained the highest standards in vision care. The combination of our experience and reputation, along with our commitment to offering the most advanced vision correction technology and procedures, is part of what makes the Eye Care Specialist difference... for the peace of mind you deserve.

STAFF SPOTLIGHT

RICHARD E. ROTH, D.O.

Dr. Roth is an experienced Oculofacial plastic surgeon, and is one of the few dual Board Certified eye surgeons in the country.

He is a member of the American Society of Ophthalmic Plastic and Reconstructive Surgeons. Because Dr. Roth has advanced specialized training in both ophthalmic and plastic reconstructive plastic surgery, he is able to combine his keen artistic eye with the meticulous, detailed microsurgery techniques of ophthalmology.

He specializes in surgery of the eyelids and facial region, along with non-surgical minimally invasive procedures such as body contouring, injectables, facial fillers and skin rejuvenation.
