## TIRED OF WEARING READING GLASSES?

If you're having **difficulty reading things up close**, and you are between the ages of **40 and 64**, you may qualify for a new investigational eye drop research study for **Presbyopia**.

**Presbyopia** is the normal, age-related loss of ability to focus on nearby objects, such as difficulty in reading a book or messages on a smartphone.

**Investigational Eye Drop** This study evaluates the long-term safety of an investigational eye drop as an alternative to reading glasses.

**Study Duration** The study involves 11 office visits, over the course of 1 year.

**Compensation** You will be compensated for your time in this study.

Contact **Patti Myers** at [patti.myers@vipeyes.com](mailto:patti.myers@vipeyes.com) or (570) 714-5910, or **Gary Stavish** at [gary.stavish@vipeyes.com](mailto:gary.stavish@vipeyes.com) or (570) 718-4188.

## BACK TO SCHOOL SAVINGS

Students are heading back to school and it's the perfect time for some cool new glasses to start the year off right. Our special offer will make it more affordable with **20% off a second complete pair of glasses, now through September 30th**. Claim your savings certificate online and bring it into any of the Eye Care Specialists optical locations to redeem.

## LATEST NEWS

### SCLERAL LENSES

If you've been told that you can't wear contact lenses due to dry eye, keratoconus or other irregularities, we may have a great solution for you – Scleral Contact Lenses! These specialty lenses are large-diameter gas permeable contacts that cover the sclera, or white part of the eye, creating a smooth optical surface to correct vision problems caused by keratoconus and other corneal irregularities. Scleral lenses may also be a good solution for those with chronic dry eyes, as these lenses create a fluid reservoir to provide comfort for those who otherwise could not tolerate contact lenses. **Call (888) 658-7910 and schedule an appointment with Dr. Grohol or Dr. Epting today.**

## BRINGING LIFE BACK INTO FOCUS

With over 60 years of eye care excellence, Eye Care Specialists has maintained the highest standards in vision care. The combination of our experience and reputation, along with our commitment to offering the most advanced vision correction technology and procedures, is part of what makes the Eye Care Specialist difference... for the peace of mind you deserve.

**OUR SERVICES INCLUDE: CATARACT, LASIK, OPTICAL & CONTACT LENS, RETINA, DRY EYE, GLAUCOMA, GENERAL EYE CARE, OCULOFACIAL PLASTICS AND COSMETIC.**

## STAFF SPOTLIGHT

### DANIEL LUTZ, M.D.

Have you met Dr. Lutz? Dr. Lutz specializes in advanced laser cataract surgery and the most advanced medical and surgical treatment of glaucoma. Dr. Lutz became interested in ophthalmology because his entire family requires glasses and contacts. Dr. Lutz is most passionate about glaucoma treatment and management, as it appeals to his "meticulous brain."
